

Education

Loyola-ICAM College of Engineering and Technology
Bachelor of Engineering (CSE) - CGPA - 8.05 (till sem 5)
P.M.R Matric Higher Secondary School
HSE:86% | CUT-OFF:91%

OCT 2023 - PRESENT
Chennai, Tamilnadu
JUN 2008 - MAY 2023
Chennai, Tamilnadu

Technical Skills

Programming Languages : Python, Java, Javascript, SQL
Frameworks / Technologies : React, Next.js, Node.js, HTML, CSS
Tools & Platforms: Git, Github, Vercel, Adobe, Canva
Others : IoT, Data Structures, OOP

Certifications

- ORACLE - Database programming with SQL | [Certificate](#)
- Infoys Springboard - Frontend development | [Certificate](#)

Projects

Legal-Lens | Next.js, TypeScript, Firebase, Google Cloud AI, Tailwind CSS | [GitHub](#)

- Built an AI-powered platform to analyze legal documents with risk scoring and clause simplification. Added multilingual support, voice features, and an interactive Q&A system. Enabled persistent document storage and cross-session chat using Firebase.

WanderLink | Next.js, Node.js, PostgreSQL, Solidity, Python | [GitHub](#)

- Developed a Web3-based social travel platform connecting strangers into secure travel groups. Integrated AI-driven matchmaking and autonomous agent-based negotiation. Implemented smart contract escrow and decentralized identity verification for trust and safety.

DoubtSync | React, Node.js, PostgreSQL, WebSocket, Tailwind CSS | [GitHub](#)

- Built a real-time mentorship platform connecting learners with industry professionals. Implemented role-based onboarding and live Q&A for instant doubt resolution. Designed a feedback-driven leaderboard to boost engagement and mentor credibility.

zk-STRKfi | Next.js, Node.js, StarkNet (Cairo), Circom, SnarkJS, Tailwind CSS | [GitHub](#)

- Built a privacy-preserving DeFi loan platform using zero-knowledge proofs for secure credit verification. Implemented on-chain proof verification and loan escrow using StarkNet smart contracts. Integrated document validation and real-time activity scoring to ensure trust and transparency.

Experience

Future Interns | [Certificate](#)

MAY 2025 - JUN 2025

- Worked on real-time full-stack projects, improving both frontend and backend skills through hands-on development.
- Faced real-world challenges, refining problem-solving and debugging skills while improving code through feedback and iterations.

Achievements

- Won \$1000 at the StarkNet Re{Solve} Hackathon for building zk-STRKfi under the Privacy & Identity track.
- Won Prize pool at Ethglobal Hackmoney'26 (Integrate ENS Track).
- Built an ALPR system at LICET Envision'23 and secured a Top 10 position among 60 teams.
- Participated in 15+ hackathons and tech competitions, gaining hands-on experience in building real-time solutions.

Extracurricular

Treasurer at EICON, LICET

SEPT 2024 - SEPT 2025

- Handled budgeting and coordination for club activities, ensuring smooth execution of operations and events.
- Played a key role in organizing 10+ events, including hackathons, technical workshops and seminars , promoting hands-on learning and peer collaboration.
